Experience

Lampros Labs - Front End Developer + UI (User Interface) Designer

Worked with over a dozen various startups and small businesses in the Cincinnati area to develop new websites, apps, and WordPress Themes. Designed logos, web page layouts, e-mails, and mobile UI. Personally met with clients through all stages of development. Facilitated project handovers.

Summer 2015 - Spring 2017

Keithley Instruments - Firmware Engineer + Graphic Designer

With a large team, developed a new touch screen device using C++. Tasks included: creating an embedded web application, programming Excel macros to ease development hurdles, and designing the UI.

Winter 2014 - Winter 2015

Freelance / Contractor Work - Web Developer + Graphic Designer

Created from end to end: complete websites, WordPress themes, logos, videos, and print designs. Contracted for Mad Science Department, Reversed Out, Mr. Sushi, School Bus Safety Company, Rohlfs Chiropractic Care, and many others. Examples at coopergoeke.com.

Spring 2013 - Present Time (Part Time)

Education

University of Cincinnati

Major: Computer Science, Class of 2017, Honors

Minor: Entrepreneurship

GPA: 3.5
